## Wire Baskets

We manufacture all of our wire baskets in our Dayton, Ohio facility which allows us to provide the largest inventory of various baskets in the industry. If you did not see the basket that matches your digger or if you have questions about our baskets, please contact one of our sales representatives.

(See page 9 for a list of our Nursery Sales Representatives)

## Windmill Wire Forms

These flat star baskets fold neatly around the root ball when you're hand digging or on existing B&B material as an added support. They're easier to use and less expensive than conventional wire baskets.

### Windmill Baskets (Sizes available – see chart)

- We offer two styles of Windmills
  - Standard
  - Wide loop
