

Nursery Division

Dayton Bag & Burlap Company was founded in 1910 on the simple principle of providing our customers with the service they deserve, along with fine quality products that deliver right to your door, right on time.

BURLAP AND WIRE BASKETS

Dedicated to the nursery and horticultural industries, our commitment to you begins with one of the nation's largest in-warehouse inventories of burlap. With over eight coast-to-coast distribution centers, no one stocks more burlap and wire baskets than Dayton Bag & Burlap Company.

A welcome tour of our Dayton plant and manufacturing facility will showcase an inventory of burlap that is second to none, along with the finest converting and the most advanced wire basket fabrication equipment in the industry.

Our nursery-application burlap is treated using our in-house treating lines, where we treat and convert over 100,000 yards of burlap per day.

CONVENIENCE

Manufacturing over three million wire baskets per year, we conveniently produce not just the basket, but the burlap liner as well. As a leader and innovator in the nursery supply business, Dayton Bag & Burlap Company manufactures and abundantly stocks products designed to make your business run smoothly and profitably. With Dayton Bag & Burlap Company, you will find:

- Plain and treated burlap rolls
- Jute erosion control matting
- Bulldog truck tarps
- Digging supplies
- Shade cloth
- Liners
- Squares
- Socks
- Bags
- Many other products

DELIVERING FOR YOU

Most importantly, at Dayton Bag & Burlap Company, we can deliver. Every inquiry, every order, every problem—be it large or small—receives immediate attention, action and follow up. Our Sales Managers and Customer Service Representatives are trained to know your business and strive for complete customer satisfaction. We know our success depends on your success.

You deserve the best, and at Dayton Bag & Burlap Company, that's exactly what we aim to provide. Our business goal is to keep you growing. As part of our commitment to reach that goal, we will continue to work for you, seeking new and better ways to manufacture, stock and distribute the products you need and want.

DAYTON BAG & BURLAP COMPANY

Whether your business is large or small, or somewhere in between, we appreciate the opportunity to serve you with solutions to your most important requests. Visit our website at www.daybag.com to see what Dayton Bag & Burlap Company can do for you!
